

2018 Competitive Soccer Fees

Cost

U11-U15:	\$1495
U16-U18:	\$1395

Payment Options

After accepting a spot on a team, a \$350 initial payment is required. After that, an automatic payment plan is available, with all fees to be paid by December 1, 2018. There will be a \$5 service fee added to each automatic payment. Fees may be paid in full online with credit or debit at any time to avoid the six \$5 service fee installments.

The 6 installment automatic payments will be withdrawn from checking accounts or charged to credit accounts on these dates:

- July 1, 2018
- August 1, 2018
- September 1, 2018
- October 1, 2018
- November 1, 2018
- December 1, 2018

By accepting the player's position on the team, parents enter into a contractual agreement with Southside Soccer Club, to pay their fees in full by the 1st of December 2018.

All account balances must be paid in full by December 1st. Players with an unpaid balance after December 1st will be ineligible to play until their balance is paid in full. Also, players with an outstanding balance from a prior soccer year will not be allowed to tryout at SSC for the next soccer year.
